

Single output

Series AMEPR30-AZ

up to 2.5A | AC-DC / DC-DC | LED Driver / Converter

FEATURES:

- **AC-DC Constant Current or Constant** Voltage LED Driver
 - Input range 90-305VAC/47-440Hz
 - High efficiency up to 84%
 - Operating temperature -40 to 85°C
 - Dimmable via resistive / 0-10Vdc / PWM
 - 5 Years Limited Warranty

- Over temperature protection
- Over current protection
- Waterproof case rated IP68
- Power Factor Correction Short circuit protection

⁽¹⁾ Exceeding the maximum output power will permanently damage the converter.

NOTE: Aimtec limited warranty of 5 years is valid based on product operation at datasheet specifications at ambient temperature of 25°C, humidity<75%, nominal input voltage (115/230/277VAC) and at rated output load unless otherwise specified. See http://www.aimtec.com/terms-saleAMEPR30-AZ's AC/DC LED drivers have electrical safeguards designed within to protect it from conventional electrical abnormalities with the levels listed in the safety table. Applications for use within rural agricultural, heavy industrial, and other areas or regions which are prone to 'dirty' electrical conditions which would subject any of the above models to excessive voltages surges or spikes, may damage or cause early life failure of product. In this case consideration should be made by the end user to ensure that adequate line or mains surge suppression is installed in front of Aimtec device to ensure the longevity of the products. Failure to identify excessive line surges violations prior to installation may damage sensitive equipment permanently.
